Dealer: David Ekberg

Address: 4 Wandarri Court, Cheltenham VIC 3192

Phone: 03 9585 7842

Dealer Comments

Very rare and very collectible Bentley Continental S2 drophead coupe with coachwork by Park Ward. One of only

125 ever built and of these just 60 were made in right-hand drive. Do we need to point out that this is an opportunity that will be hard to repeat or that it really is a bargain if you compare it with the cost now of bringing a similar car in from overseas?

Our car was delivered new in England on March 1st, 1961 and was imported into Australia during the 1970s. It has had just six owners from new and is still finished in its original colours of Mist Green with Beige hide and a Beige roof. It even has its original radio. It has had some restoration over the years but is more of a driver than a trailer queen. It has a particularly sweet gearbox, which not all S Series cars can claim, and would be an ideal touring car for Bentley Drivers Club tours and the like.

Most of the pre-VW era Bentley Continentals have been through our hands at some stage over the last 35 years and this is one of our all-time favourites.

Please note that the odometer is in miles and that the car is offered unregistered and without a RWC.

We are marque specialists with Australia's largest range of Bentley cars for sale in our showroom in Bayside Melbourne. We offer our customers the following benefits:

- competitive finance to approved purchasers
- interstate transport arranged at attractive rates
- specialist vehicle inspections at our premises
- trade-ins accepted

* If the price does not contain the notation that it is "Drive Away No More to Pay", the price may not include additional costs, such as stamp duty and other government charges. Please confirm price and features with the seller of the vehicle.
