Address: 200-218 Tingal Road, Wynnum, QLD 4178

Phone: 07 3358 9722

Dealer Comments

*****ABN PRICE LISTED*****

The LDV V80 van offers you the pleasure of car-like handling with the power of an advanced diesel engine. Perfect for all your transport needs, the LDV is designed to carry large loads, while you travel in complete comfort. With a massive number of worldwide sales and multiple awards, it's already made its mark.

Power for the LDV V80 vans comes from an advanced, economical 2.5-litre turbo-diesel four-cylinder engine designed by the Italian VM Motori company. The Bosch electronically controlled engine produces up to 100 kW of power and 330 Nm of torque.

The V80 van is loaded with smart features like cruise control for those long journeys, fog lamps for added visibility and rear camera for more confidence in reversing. The large load area which takes two standard pallets, dual sliding doors and rear barn doors makes loading a breeze.

The V80 van is available in a short wheel base low roof, long wheel base mid roof and long wheel base high roof so no matter what you need to carry, chances are there is a V80 built for the job.

* If the price does not contain the notation that it is "Drive Away No More to Pay", the price may not include additional costs, such as stamp duty and other government charges. Please confirm price and features with the seller of the vehicle.
