Dealer Comments

FG-X XR6 MKII Last of an Aussie favourite coming with service history and jaw-dropping condition. Powered by the now world-famous Barra 4.0 inline six-cylinder(American drag racers import the engine for power potential and proven strength).

Being a perfect combination of modern overhead cam VCT and good old fashioned cast iron engine block these engines are known to travel well in excess of 500,000 kms and at only 101,000 Kms on the clock, this car is barely run in and low k's.

The ZF 6-speed sports auto is a dream with silky-smooth shifts and access to the torque band when you need it. FG-X is quickly becoming a collectable piece of Australian motoring history because not only do they drive modern, it is that there will be nothing coming to replace these or dare take the car's title as being one of the most reliable cars on the road today.

Inside you get plush sports cloth seats that are in great condition, you can really tell that this has been a well looked after car, with cruise control, Bluetooth, reverse camera and so much more.

Outside with the 18-inch wheels.

5 -star Ancap safety rating is easily achieved with the 6-airbag fit-out which is comprised of Dual front, side-curtains and side-impact airbags

Keeping you grounded you get stability and traction control this with ABS/EBD for added stopping power makes this the perfect balance between a daily driver and lifestyle car.

Just having a fresh service and RWC you could be owning it today.
