Rotax Engine Model: 976 cc V-Twin
Horsepower: 91
Power Steering: Yes
Fuel Capacity: 20.5L
Storage Capacity: 21.4L
Towing Capacity: 750KG

OPTIMISED AIR FLOW

Re-engineered vented side panels. Every part was examined and inspected to see if it could improve rider comfort even the side panels and inner fenders now offers better engine ventilation and airflow.

CONTROL AT YOUR FINGER TIPS

Feel off-road terrain like never before with Tri-Mode Dynamic Power Steering (DPS), which gives easy steering assistance and adapts its response to the vehicle's speed. At lower speeds, assistance is increased to reduce your steering effort while at higher speeds it's reduced to return maximum feel to the rider. Choose between three modes to match the conditions.

CLOSE THE GAP

This powerful winch with a 1,588 kg capacity is factory installed and can handle the toughest situations, an indispensable tool when tackling conditions that include hunting, ranching, mud holes and helping your friends keep up.

DIGITAL DISPLAY

The 4.5-inch digital display is lighted and readable in all conditions, with vehicle information and controls at your glove tips.
