BUILT IN SPEED LIMITER

The Can-Am Outlander PRO XU comes with a built-in speed limiter. Wheres the fun in that? Well when it comes time to getting work done, youll see why it comes in handy.

FRONT DIFF LOCK

The Can-Am Outlander PRO XU has a Visco4Lok front differential that delivers grip and traction for days wherever youre riding. Engage 4-wheeldrive lock mode to deliver equal power to your 4 wheels, and keep rolling on.

RUGGED XPS TIRES AND STEEL WHEELS

The Can-Am Outlander PRO XU sits on 26 in. XPS Trail King, 6-ply rating tyres with 12 in. cast aluminum wheels built to perform in any condition and in the rougher terrains. If you plan to haul, tow, or carry heavy loads with your vehicle, youre in good hands driving on these tyres. Because the weather shouldnt stop you from getting work done.

GLOVEBOX

The Can-Am Outlander PRO XU is equipped with a weather-resistant Premium Glovebox with cellphone holder and USB charger. Rigid and durable, this feature protects your wallet, keys, or whatever else you need from the wild elements. Plus, the magnet on the holder keeps your smartphone in place as it charges up.

POWER STEERING

The Can-Am Outlander PRO XU comes with high torque Dynamic Power Steering (DPS). The technology counteracts unstable or difficult steering caused by external forces like strong crosswinds or uneven roads. With DPS, you get proper steering assistance from the steering gear to never veer off path.

Other features:

Intelligent Engine Braking (iEB)

Premium Front and Rear Bumper

Skid plate

NEW pDrive primary CVT

* If the price does not contain the notation that it is "Drive Away No More to Pay", the price may not include additional costs, such as stamp duty and other government charges. Please confirm price and features with the seller of the vehicle.
