Power Steering: Yes DPS

Cargo Box Dimensions: 96.5 x 138.4 x 30.5 cm

Cargo Box Capacity: 454 KG

Towing Capacity: 1134 KG

Total Payload Capacity: 680 KG

Fuel Capacity: 40L

### DYNAMIC POWER STEERING

Dynamic Power Steering (DPS) is tuned for utility. DPS improves steering feel in slow-speed working situations and in more technical terrain. Itss also designed to offer less assistance at high speeds and more assistance at low speeds.

### 4 MODE TRACTION SYSTEM

The Visco-Lok QE front differential combined with the lockable rear differential offer a 4-mode traction system providing multiple choices for varying terrain or tasks. Users, via a separate front-and-rear toggle switches, can select between a 2x4 open rear differential for tight turning and turf protection, a 2x4 lockable rear for improved 2WD traction, a 4x4 open rear for more maneuverability in rugged terrain and a 4x4 locked rear for maximum traction. The rear differential is gear-on-gear to the transmission for better response, no maintenance, better efficiency and fewer components.

### ECO, WORK AND NORMAL DRIVING MODES

Select from three driving modes that are designed to optimized performance on a variety of terrain as well as saving on fuel consumption

Plus:

- VERSA PRO flip up bench seats, allowing for storage in the cab
- Analog and Digital dash with enclosed storage
- Premium XPS Trail Force tyres & 14 inch cast-aluminum wheels
