Dealer Comments

All new MY24 model!

Now with added dual active sport exhaust!

The Dual Active Sport Exhaust has been tuned by Chevrolet's engineers to deliver a tougher and burlier V8 engine note when active to enhance the driving experience for customers who desire a higher level of driving engagement feel.

The Active Sport Exhaust is tied to the Silverado's drive-modes, meaning it will adjust based on which mode you're trucking it in. When Sport Mode or Off-Road Modes are selected the Active Sport Exhaust is dialled up for maximum exhilaration and conversely it is dialled down when in Normal and Tow/Haul mode.

In stock and available for immediate pickup!

The updated Silverado LTZ Premium boasts an elevated fascia with an all-new refined interior, befitting of the badging bestowed. Combining the performance of the renowned 6.2L EcoTec3 V8 Engine that demonstrates efficiency and capability, it also features enhanced torque delivery and an advanced autotrac system in the form of a 2-speed automatic, active transfer case. Live Big. Lead On.

DURABLE THE MOST FUNCTIONAL BED OF ANY PICKUP

Chevrolet took the hardest-working part of the truck and designed it to be lighter, larger, and stronger. Durabed combines roll-formed high-strength steel with more standard cargo bed volume. There are also 12 standard tie-downs and innovative features like an industry-first power-up/-down tailgate, bringing big convenience to loading and unloading.

CAPABILITY SILVERADO LTZ PREMIUM'S ADVANCED 6.2 L ECOTEC3 V8

Delivers the power you'd expect, and then some, doing so with the highly efficient 10-speed auto transmission and smart dynamic fuel management. From highway cruising to off-road adventure, you can count Silverado being up for it. And yes, the V8 rumble is included. Silverado features best-in-class naturally aspirated V8 power and torque.
