Dealer Comments

SUPREME STYLE AND CAPABILITY. Work smarter with the speed limiter, show up in style with a bold, new look, and enjoy peace of mind with its excellent protection features.

The 2023 Outlander PRO lineup's new Rotax engines have been tuned specifically to give you more power with less noise and vibration. And they're now angled towards the rear for better airflow and heat dissipation, plus a more comfortable ride. Time to punch in.

With a specially calibrated suspension to give you the stability you need to haul the heaviest loads. Work smarter, not harder with the Outlander PRO.

From utility bumpers and 6-ply rating tires, to a central skidplate and HMWPE Footwells, the Outlander PRO offers all the protection features you need, to keep you and your vehicle protected through the toughest of tasks.

The Outlander PRO offers more storage options. A rear rack gives you flexibility, the waterproof front storage keeps the important things dry, and the new glovebox adds even more storage along with a phone mount and charger. Take whatever you need along for the ride.

Action Power Sports

Christchurch and Canterburyss authorised BRP agents for Can-Am & Sea-Doo products.
