With this much performance at your beck and call, it's hard to imagine a more exhilarating driving experience than that offered by the Golf R. The Golf R is the most powerful to date, with its 2.0-litre TSI engine generating 235kW and 400Nm of torque and capable of accelerating the Golf R to 100km/h in just 4.8 seconds.

Take one look at the Golf R's Motorsport-inspired styling and you'll be left in no doubt of its performance potential. With its sleek lines, powerful posture and signature R styling, the Golf R is unmistakably a thrill-a minute machine. View the Golf R head on and you're struck by the vehicle's redesigned front bumper, prominent front spoiler and larger air intake. Impressive matrix LED headlights with Dynamic Light Assist follow the contours of the Golf R's sculpted bonnet and feature daytime driving lights, dynamic and static cornering lights and a dynamic indicator

It can be hard to pinpoint the origins of an emotion. Sometimes our feelings overcome us without reason or explanation. But some are so satisfying, so all consuming and undeniable, that to rationalise them is to risk missing out on the extreme joy of the moment. Volkswagen's Golf R is capable of inspiring passion, excitement and wonder. But, deep down, we all know it's just another car, right? Not quite. The latest Golf R marks the next step in the evolution of a performance legend, a Motorsport-inspired icon that has been thrilling drivers now for two decades.
